Dear Harold —

Forgive me for not writing a proper reply but I am on a rush job for the next few weeks. I copied out the attached as are in place of supply of the printed report — I will wait for anything else that comes out on Noise.

With the compliments
of ~~the Director~~ Sylvi Meagher

(1) Rampants fully intends to go there with its plans, but will begin in June instead of April. Welch is in Spain — perhaps looking for The Bomb (?).

(2) No reply yet from the Forensic Academy but I'll let you know if and when I hear.

(3) I agree re "Mother in History". Don't intend to read it. Heard Marguerite on one-hour radio interview yesterday

and she has surprising dignity, logic, and skill. Stafford has really boiled herself write this sordid endeavor and she sounds (on radio, too) as if she knows it and is pick about it.

Please don't be offended if I don't do justice to your letter. I will write at greater length as soon as time permits.

Best regards,

Sylvia
